Statement of Profit or Loss and Other Comprehensive Income	4
Statement of Financial Position	5
Statement of Changes in Equity	6
Statement of Cash Flows	7
Notes to the Financial Statements	8
Directors Declaration	33
Auditors Report	34

**J HUTCHINSON PTY LTD**  
**ABN 52 009 778 330**

**DIRECTORS' REPORT**

The directors present this report on the company for the financial year ended 30 June 2024.

The following persons held office of director during the year or since the end of the year;

John Scott Hutchinson  
Gregory Denis Quinn  
Kellie Leanne Williams  
Russell Mark Fryer  
Owen Jason Valmadre  
Benjamin Paul Amos Young  
Paul John Hart  
John Elmore Hutchinson  
Penelope Ann Hoolihan (appointed 18 April 2024)

The directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

**Review of operations and financial results**

The profit of the company for the financial year after providing for income tax amounted to \$4,173,745 (2023: \$2,834,023).

**Significant changes in state of affairs**

No significant changes in the company's state of affairs occurred during the financial year.

**Principal activities**

The principal activities of the company during the financial year were contract building.

No significant change in the nature of these activities occurred during the year.

**Events arising since the end of the reporting period**

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the entity, the result of those operations, or the state of affairs of the entity in future financial years.

**Future developments**

Likely developments in the operations of the entity and the expected results of those operations in future financial years have not been included in this report as the inclusion of such information is likely to result in unreasonable prejudice to the entity.

**Environmental issues**

The Company has some operations that are subject to environmental regulations under the laws of the Commonwealth, States and Territories. The company has procedures and policies in place to mitigate any risks posed.

**J HUTCHINSON PTY LTD  
ABN 52 009 778 330**

**DIRECTORS' REPORT**

**Dividends paid or recommended**

Dividends paid or declared since the start of the financial year are as follows:

- A fully franked dividend of \$201,795 was paid during the year as recommended in last year's report.
- A fully franked dividend of \$253,764 is recommended for payment for the year ended 30 June 2024.

**Options**

No options over issued shares or interests in the company were granted during or since the end of the financial year and there were no options outstanding at the date of this report.

**Indemnities given to, and insurance premiums paid for, auditors and officers**

During the financial year the Company paid an insurance premium totalling \$233,692 in respect of directors' and officers' liability insurance. All of this insurance premium related to insurance of Directors of the Company named in this report. The policy does not specify the premium for individual directors and executive officers.

The company has not, during or since the end of the financial year, indemnified or agreed to indemnify the auditor of the company against a liability incurred by the auditor. During the financial year, the company has not paid a premium in respect of a contract to insure the auditor of the company.

No person has applied for leave of Court to bring proceedings on behalf of the company or intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or any part of those proceedings.

**Auditors' Independence Declaration**

A copy of the auditors' independence declaration is set out on page 3.

This report is made in accordance with a resolution of directors:

Director:

Russell Mark Fryer

Director:

Owen Jason Valmadre

**Dated this 18th day of September 2024**

**AUDITORS' INDEPENDENCE DECLARATION

**DECLARATION OF INDEPENDENCE BY L G MYLONAS TO THE DIRECTORS OF J HUTCHINSON PTY LTD**

As lead auditor of J Hutchinson Pty Ltd for the year ended 30 June 2024, I declare that, to the best of my knowledge and belief, there have been:

1. No contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
2. No contraventions of any applicable code of professional conduct in relation to the audit.

A handwritten signature in black ink, appearing to read 'L G Mylonas', written over a horizontal line.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2024**

---

**1 Statement of Significant Accounting Policies**

**Basis of Preparation**

These financial statements have been prepared in accordance with the requirements of the directors and members of the company and are special purpose financial statements. The directors have determined that the company is not a reporting entity because there are no users dependent on general purpose financial statements.

J Hutchinson Pty Ltd was incorporated and has its domicile in Australia and is a company limited by shares. The company is a for-profit entity for financial reporting purposes under Australian Accounting Standards. The financial statements are presented in the Australian dollar currency.

**Reporting Basis and Conventions**

These financial statements are prepared in order to satisfy the financial reporting requirements of the directors and members of the company. The directors have determined that the company is not a reporting entity.

The financial statements have been prepared in accordance with the recognition and measurement requirements of the following applicable Australian Accounting Standards and interpretations and disclosure requirements of:

AASB 101:	Presentation of Financial Statements
AASB 107:	Statement of Cash Flows
AASB 108:	Accounting Policies, Changes in Accounting Estimates and Errors
AASB 1054:	Australian Additional Disclosures

The measurement requirements of all applicable Australian Accounting Standards or other authoritative pronouncements of the Australian Accounting Standards Board (AASB) have been applied in the preparation of this report.

The complete disclosure requirement of above and all other Australian Accounting Standards or other authoritative pronouncements of the AASB have not been applied.

No other applicable Australian Accounting Standards or other authoritative pronouncements of the AASB have been applied.

The financial statements have been prepared on an accruals basis and is based on historical costs unless otherwise stated in the notes.

The following is a summary of the material accounting policies adopted by the company in the preparation of this report. Unless otherwise stated, the accounting policies are consistent with the previous period.

**J HUTCHINSON PTY LTD**  
**ABN 52 009 778 330**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2024**

---

## **Income Tax**

The income tax expense (revenue) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to profit or loss is the tax payable on taxable income. Current tax liabilities (assets) are measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses.

Current and deferred income tax expense (income) is charged or credited directly to equity instead of profit or loss when the tax relates to items that are credited or charged directly to equity.

Except for business combinations, no deferred income tax is recognised from the initial recognition of an asset or liability where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled and their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Where temporary differences exist in relation to investments in subsidiaries, branches, associates and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where: (a) a legally enforceable right of set-off exists; and (b) the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

The company and its wholly-owned Australian controlled entities have implemented the tax consolidation legislation.

The company, as head entity, and the controlled entities in the tax consolidated group account for their own current and deferred tax amounts. These tax amounts are measured as if each entity in the tax consolidated group continues to be a stand alone taxpayer in its own right.

**J HUTCHINSON PTY LTD**  
**ABN 52 009 778 330**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2024**

---

In addition to its own current and deferred tax amounts, the company also recognises the current tax liabilities (or assets) and the deferred tax assets arising from unused tax losses and unused tax credits assumed from controlled entities in the tax consolidated group.

### **Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of six months or less (upon early termination there exists an insignificant risk of change in value) and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

### **Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

### **Comparative Figures**

Comparative figures have been adjusted to conform to changes in presentation for the current financial year where required by accounting standards or as a result of changes in accounting policy.

### **Leases**

#### **Lease Liabilities**

A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the entity's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

**J HUTCHINSON PTY LTD**  
**ABN 52 009 778 330**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2024**

---

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is remeasured, an adjustment is made to the corresponding right-of-use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

### **Right-of-Use Assets**

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the company expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of-use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

The company has elected not to recognise a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are expensed to profit or loss as incurred.

### **Land Held for Sale**

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, foreign currency movements, borrowing costs and holding costs until development is completed. Borrowing costs, foreign currency movements and holding charges incurred after development are recognised through profit or loss. Profits are only brought to account on the signing of an unconditional contract of sale.

### **Impairment of Assets**

At each reporting date, the company reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is recognised through profit or loss.

Impairment testing is performed annually for goodwill and intangible assets with indefinite lives.

Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

**J HUTCHINSON PTY LTD**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2024**

---

## **Revenue**

### **Construction Revenue**

The Company derives revenue from the short-term and long-term construction of buildings across Australia. Contracts entered into may be for the construction of one or several separate inter-linked pieces of large infrastructure. The construction of each individual piece of infrastructure is generally taken to be one performance obligation. Where contracts are entered for the building of several projects the total transaction "Price" is allocated across each project based on stand-alone selling prices. The transaction "Price" is normally fixed at the start of the project. It is practice for contracts to include bonus and penalty elements based on timely construction or other performance criteria known as variable consideration, discussed below.

The performance obligation is fulfilled over time and as such revenue is recognised over time. As work is performed on the assets being constructed they are controlled by the customer and have no alternative use to J Hutchinson Pty Ltd, with the Company having a right to payment for performance to date.

Generally, contracts identify various inter-linked activities required in the construction process. Revenue is recognised on the measured input of each process based on cost to complete for each contract.

Revenue earned is typically invoiced monthly or in some cases on achievement of milestones or to match major capital outlay. Invoices are paid on normal commercial terms, which may include the customer withholding a retention amount until finalisation of the construction. Certain construction projects entered into receive payment prior to work being performed in which case revenue is deferred on the balance sheet.

### **Variable Consideration**

It is common for contracts to include performance bonuses or penalties assessed against the timeliness or cost effectiveness of work completed or other performance related KPIs. Where consideration in respect of a contract is variable, the expected value of revenue is only recognised when the uncertainty associated with the variable consideration is subsequently resolved, known as "constraint" requirements. The Company assesses the constraint requirements on a periodic basis when estimating the variable consideration to be included in the transaction price. The estimate is based on all available information including historic performance. Where modifications in design or contract requirements are entered into, the transaction price is updated to reflect these. Where the price of the modification has not been confirmed, an estimate is made of the amount of revenue to recognise whilst also considering the constraint requirement.

**J HUTCHINSON PTY LTD**  
**ABN 52 009 778 330**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2024**

---

**Contract Assets and Liabilities**

AASB 15 uses the terms 'contract asset' and 'contract liability' to describe what is commonly known as 'accrued revenue' and 'deferred revenue'. Contract receivables represent receivables in respect of which the Company's right to consideration is unconditional subject only to the passage of time. Contract receivables are non-derivative financial assets accounted for in accordance with the Company's accounting policy for non-derivative financial assets: Non-derivative financial instruments. Contract assets represent the Company's right to consideration for services provided to customers for which the Company's right remains conditional on something other than the passage of time. Contract liabilities arise where payment is received prior to work being performed. Contract assets and contract liabilities are recognised and measured in accordance with this accounting policy.

**Financing Components**

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer represents a financing component. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

**Warranties and Defect Periods**

Generally construction and services contracts include defect and warranty periods following completion of the project. These obligations are not deemed to be separate performance obligations and therefore estimated and included in the total costs of the contracts. Where required, amounts are recognised accordingly in line with AASB 137: Provisions, Contingent Liabilities and Contingent Assets.

**Loss Making Contracts**

A provision is made for the difference between the expected cost of fulfilling a contract and the expected unearned portion of the transaction price where the forecast costs are greater than the forecast revenue. This is reflected in the 'contract asset' presented in the statement of financial position.

**Other Revenue**

Interest revenue is recognised on a proportional basis taking into account the effective interest rate method.

Dividend revenue is recognised when the right to receive a dividend has been established and declared.

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

Rental income is recognised on a straight line basis over the term of the operating lease.

Grant income is recognised when all the performance obligations contained in the grant agreement has been met.

All revenue is stated net of the amount of goods and services tax (GST).

## **Financial Instruments**

### **Recognition, Initial Measurement and Derecognition**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument, and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss, which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities are described below.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

### **Classification and Subsequent Measurement of Financial Assets**

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with AASB 15, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

For the purpose of subsequent measurement, financial assets other than those designated and effective as hedging instruments are classified into the following categories upon initial recognition:

- amortised cost
- fair value through profit or loss (FVPL)
- equity instruments at fair value through other comprehensive income (FVOCI)
- debt instruments at fair value through profit or loss (FVPL)

Classifications are determined by both:

- the entities business model for managing the financial asset
- the contractual cash flow characteristics of the financial assets

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, other revenue or other financial items, except for impairment of trade receivables, which is presented within other expenses.

### **Subsequent Measurement Financial Assets**

#### **Financial Assets at Amortised Cost**

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Company's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments.

**J HUTCHINSON PTY LTD**  
**ABN 52 009 778 330**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2024**

---

**Financial Assets at Fair Value Through Profit or Loss (FVPL)**

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit and loss. Further, irrespective of business model financial assets whose contractual cash flows are not solely payments of principal and interest are accounted for at FVPL.

**Equity Instruments at Fair Value Through Other Comprehensive Income (Equity FVOCI)**

Investments in equity instruments that are not held for trading are eligible for an irrevocable election at inception to be measured at FVOCI. Under Equity FVOCI, subsequent movements in fair value are recognised in other comprehensive income and are never reclassified to profit or loss. Dividend from these investments continue to be recorded as other income within the profit or loss unless the dividend clearly represents return of capital.

**Debt Instruments at Fair Value Through Other Comprehensive Income (Debt FVOCI) or Through Profit or Loss (FVPL)**

Financial assets with contractual cash flows representing solely payments of principal and interest and held within a business model of collecting the contractual cash flows and selling the assets are accounted for at debt FVOCI.

Where the company has financial instruments that relate to debt instruments and where contractual cash flows do not represent solely payments of principle and interest, such financial assets are accounted for at fair value through profit or loss (FVPL).

Any gains or losses recognised in OCI will be reclassified to profit or loss upon derecognition of the asset.

**Impairment of Financial Assets**

The company considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1');
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2') and;
- 'stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category. Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument. In considering these factors the company has concluded that the adoption of the ECL model does not have a material impact on the impairment assessment on financial assets held at amortised cost.

**J HUTCHINSON PTY LTD**  
**ABN 52 009 778 330**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2024**

---

**Trade and Other Receivables and Contract Assets**

The company makes use of a simplified approach in accounting for trade and other receivables as well as contract assets and records the loss allowance at the amount equal to the expected lifetime credit losses. In using this practical expedient, the company uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses using a provision matrix.

**Classification and Measurement of Financial Liabilities**

As the accounting for financial liabilities remains largely unchanged from AASB 139, the company's financial liabilities were not impacted by the adoption of AASB 9. However, for completeness, the accounting policy is disclosed below.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Company designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss.

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

**Fair Values**

Fair values may be used for financial asset and liability measurement and well as for sundry disclosures.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It is based on the presumption that the transaction takes place either in the principal market for the asset or liability or, in the absence of a principal market, in the most advantageous market. The principal or most advantageous market must be accessible to, or by, the Company.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

The fair value measurement of a non-financial asset takes into account the market participant's ability to generate economic benefits by using the asset at its highest and best use or by selling it to another market participant that would use the asset at its highest and best use.

In measuring fair value, the Company uses valuation techniques that maximise the use of observable inputs and minimise the use of unobservable inputs.

**ABN 52 009 778 330**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2024**

---

### **Investment Property**

Investment properties are properties held to earn rentals and/or for capital appreciation, and are accounted for using the fair value model.

The fair value of investment properties is determined annually by Directors' with reference to an independent valuation performed tri-annually. The Directors' assessment of fair value takes into account annual independent valuations, that were prepared which take into account recent similar sales and any changes in estimated yield, underlying income and valuations of comparable properties. In determining the fair value, the capitalisation of net income method and the discounting of future cash flows to their present value have been used which are based upon assumptions and judgement in relation to future rental income, property capitalisation rate or estimated yield and make reference to market evidence of transaction prices for similar properties. At each reporting date, the carrying value of the investment properties is assessed by the Directors' and where the carrying value differs materially from the Directors' assessment of fair value, an adjustment to the carrying value is recorded as appropriate.

Any gain or loss resulting from either a change in the fair value or the sale of an investment property is immediately recognised in profit or loss within change in fair value of investment property.

### **Property, Plant and Equipment**

Each class of property, plant and equipment is carried at cost, independent or directors' valuation as indicated less, where applicable, any accumulated depreciation and impairment losses.

#### **Property**

Freehold land and buildings are shown at fair value, based on periodic, but at least triennial, directors' valuations using information provided by external independent valuers, less subsequent depreciation and impairment for buildings.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation reserve in equity. Decreases that offset previous increases of the same asset are charged against fair value reserves directly in equity; all other decreases are charged to other comprehensive income.

Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

#### **Plant and Equipment**

Plant, equipment and leasehold improvements are carried at cost less, where applicable, any accumulated depreciation and impairment losses.

Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

**J HUTCHINSON PTY LTD**  
**ABN 52 009 778 330**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2024**

---

**Depreciation**

The depreciation rates used for each class of depreciable assets are:

Buildings: 2.5%

Plant and Equipment: 10 - 50%

**Provisions**

Provisions are recognised when the company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

**Employee Benefits**

Provision is made for the company's liability for employee benefits arising from services rendered by employees to the end of the reporting date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

**Critical Accounting Judgments, Estimates & Assumptions**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

**Key Judgements**

*Impairment of trade receivables and contract assets*

The company assesses impairment of related party receivables, by analysis of debtor assets and liabilities and their ability to repay debt balance when determining recoverability of the balance due at year end. The company has applied the expected credit loss model (ECL) identifying what stage the receivable is and what expected credit loss is to be applied.

**J HUTCHINSON PTY LTD**  
**ABN 52 009 778 330**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2024**

---

*Recognition of construction contract revenue*

Determining when to recognise revenue from construction contracts over time, the amounts of revenue recognised in the reporting period depends on the extent to which the performance obligations are satisfied. Recognising construction revenue requires significant judgement in determining milestones, transaction prices (including variations), probability to meet bonus payments, actual work performed and the estimated costs to complete the work.

*Fair value measurement hierarchy*

The Company is required to classify all assets and liabilities, measured at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being: Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date; Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3: Unobservable inputs for the asset or liability. Considerable judgement is required to determine what is significant to fair value and therefore which category the asset or liability is placed in can be subjective.

*Estimation of useful lives of assets*

The Company determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment and finite life intangible assets. The useful lives could change significantly as a result of technical innovations or some other event. The depreciation and amortisation charge will increase where the useful lives are less than previously estimated lives, or technically obsolete or non-strategic assets that have been abandoned or sold will be written off or written down.

*Impairment of non-financial assets other than goodwill and other indefinite life intangible assets*

The Company assesses impairment of non-financial assets other than goodwill and other indefinite life intangible assets at each reporting date by evaluating conditions specific to the Company and to the particular asset that may lead to impairment. If an impairment trigger exists, the recoverable amount of the asset is determined. This involves fair value less costs of disposal or value-in-use calculations, which incorporate a number of key estimates and assumptions.

*Incremental borrowing rate*

Where the interest rate implicit in a lease cannot be readily determined, an incremental borrowing rate is estimated to discount future lease payments to measure the present value of the lease liability at the lease commencement date. Such a rate is based on what the Company estimates it would have to pay a third party to borrow the funds necessary to obtain an asset of a similar value to the right-of-use asset, with similar terms, security and economic environment.

*Employee benefits provision*

As discussed previously, the liability for employee benefits expected to be settled more than 12 months from the reporting date are recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

**J HUTCHINSON PTY LTD**  
**ABN 52 009 778 330**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2024**

---

*Lease term*

The lease term is a significant component in the measurement of both the right-of-use asset and lease liability. Judgement is exercised in determining whether there is reasonable certainty that an option to extend the lease or purchase the underlying asset will be exercised, or an option to terminate the lease will not be exercised, when ascertaining the periods to be included in the lease term. In determining the lease term, all facts and circumstances that create an economical incentive to exercise an extension option, or not to exercise a termination option, are considered at the lease commencement date. Factors considered may include the importance of the asset to the Company's operations; comparison of terms and conditions to prevailing market rates; incurrence of significant penalties; existence of significant leasehold improvements; and the costs and disruption to replace the asset. The Company reassesses whether it is reasonably certain to exercise an extension option, or not exercise a termination option, if there is a significant event or significant change in circumstances.

**New and Revised Accounting Standards for Application in Future Periods**

**Accounting Standards Issued But Not Yet Effective**

A number of new accounting standards have been issued but are not yet effective and have not been early adopted early by the Company.

The financial report was authorised for issue by the directors on the 18th day of September 2024.

The basis of the valuation of land and buildings is fair value, being the amounts for which the assets could be exchanged between willing parties in an arms length transaction, based on current prices in an active market for similar properties in the same location and condition. The land and buildings were last revalued on 31 March 2024 based on information provided by external independent valuers or where not obtainable readily available information by the directors.

**DIRECTORS' DECLARATION**

The directors have determined that the company is not a reporting entity and that this financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

The directors of the company declare that:

1. The financial statements and notes, as set out on pages 4 to 32;
  - (a) comply with Australian Accounting Standards as described in Note 1 to the financial statements; and
  - (b) give a true and fair view of the financial position as at 30 June 2024 and of its performance for the year ended on that date in accordance with the accounting policies described in Note 1 to the financial statements.
2. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debt as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

## INDEPENDENT AUDITOR'S REPORT

To the members of J Hutchinson Pty Ltd

### Report on the Audit of the Financial Report

#### Opinion

We have audited the financial report of J Hutchinson Pty Ltd (the Entity), which comprises the statement of financial position as at 30 June 2024, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial report, including material accounting policy information and managements' assertion statement.

In our opinion the accompanying financial report presents fairly, in all material respects, the financial position of the Entity as at 30 June 2024 and of its financial performance and its cash flows for the year then ended in accordance with the basis of accounting described in note 1.

#### Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report. We are independent of the Entity in accordance with ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Emphasis of matter - Basis of accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist the Entity to meet the requirements of the members. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

#### Other information

The directors are responsible for the other information. The other information obtained at the date of this auditor's report is information included in the Directors' report, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of management and those charged with governance for the Financial Report**

Management is responsible for the preparation and fair presentation of the financial report, and have determined that the basis of preparation described in Note 1 is appropriate to meet the requirements of the members and for such internal control as management determines is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

#### **Auditor's responsibilities for the audit of the Financial Report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website (<http://www.auasb.gov.au/Home.aspx>) at:

[http://www.auasb.gov.au/auditors\\_responsibilities/ar4.pdf](http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf)

This description forms part of our auditor's report.
